

Vandenberg Backs North Atlantic Pact

Says It Will Keep Cold War Cold

Washington, March 22—(AP)—Senator Vandenberg (R-Mich) today endorsed the proposed 12-nation North Atlantic treaty as a barrier against World War III and the most important step in American foreign policy since the 125-year-old Monroe Doctrine.

"In my opinion, it is the best bet to keep the present 'cold war' from getting hot," he said.

After long months of behind-the-scenes negotiations, the treaty is scheduled to be signed here April 4. But to pledge this country's support, it must be formally ratified by a two-thirds vote of the senate.

Praises Pact Highly
Vandenberg, usually conservative in his spoken appraisals, turned to superlatives in praising the defense alliance in a 1,000-word address before the United States conference of mayors.

He said at the outset he was reversing his opinion on the administration's plans for military aid to Western Europe. The arms program, a separate but closely-linked corollary of the treaty itself, is expected to cost the United States \$1,000,000,000 to \$1,500,000,000 the first year.

The Michigan senator, ranking GOP members of the senate foreign relations committee, listed the 12 nations expected to sign the pact as Britain, France, Belgium, The Netherlands, Luxembourg, Italy, Norway, Denmark, Iceland, Portugal, and the United States and Canada.

Greatest War Deterrent
Then he said:

"This is the greatest war deterrent ever devised. No itching conqueror will lightly view such odds."

Vandenberg quoted the section of the pact which declares that "an armed attack against one or more of them (the signatories) in Europe or North America shall be considered an attack against them all."

The section further states that in the event of such an attack, the treaty members will aid the victim "by taking forthwith, individually and in concert with the other parties, such action as it deems necessary, including the use of armed force."

Vandenberg continued:

"I ask you to note that this is not an automatic commitment to war. I ask you to note that we reserve unto ourselves the option to decide precisely what contributions we shall make against any such armed attack by an aggressor. There are many defensive resources short of war."

"We are signing no blank check."

Hawaiian Student's Speech Shows Red Influence There

Washington, March 22—(AP)—Senator McCarran (D-Nev) told the Senate today that the communists have "a very large, very efficient, and very effective" organization in Hawaii.

He said he was "shocked" by a speech delivered by a Japanese-American high school student in Honolulu in a tryout for a speech contest sponsored by the Daughters of the American Revolution.

He identified the student as Frances Tushima and said a copy of the speech came to him from Gregory M. Steinbach of Hawaii.

The speech, titled "Few things you don't know about communism in America," was put into the Congressional Record by McCarran, with the expressed home other lawmakers would read it.

Some excerpts from the speech:

"The communist party is a democratic American party. Its members decide on all policies of the organization and elect their leaders through regular convention of the party as provided for in the constitution. It takes no orders from end country and every member in America owes allegiance to one nation—the United States of America. Believe it or not..."

ROB LAWYER LIVING BY CHIEF OF POLICE

Kankakee, Ill., March 22—(AP)—A lawyer who lives next door to Kankakee's chief of police was robbed of \$150 last night near his home.

Police arrested two Negroes 14 minutes later and Attorney Marshall Lamore named them as the men who robbed him.

Police Chief Daniel E. Bergan said one of the Negroes, George Bennett, 21, admitted the charge and implicated the other, Philip Turner, 31, both live in Kankakee. They were retained without charge.

MARIA MONTEZ DIVORCES

Paris, March 22—(AP)—Movie stars Jean-Pierre Aumont and Maria Montez, who were married in July, 1943, are going to get a divorce, Aumont told newsmen today.

U. S. Bars Four Britons From 'Peace' Meeting

London, March 22—(AP)—The United States has refused to let four distinguished Britons attend an international "world peace" rally in New York, the American embassy said today.

Dr. Harlow shapley, Harvard scientist and leader of the conference, complained in New York that U. S. officials have either denied or revoked visas for a dozen European and South American delegates. He said the others were three Frenchmen, four Italians and a Brazilian. Shapley said he was protesting the action to Secretary of State Acheson.

The State department declared emphatically in Washington it would not delent in the decision to

bar what were termed some "unofficial" delegates, while admitting others officially sponsored by eastern European communist governments.

The conference is the "cultural and scientific congress for world peace," opening Friday.

Michael J. McDermott, State Department press officer, told newsmen in Washington that "the communist side of the case will certainly be adequately presented by the 21 delegates from eastern Europe and by communist-sympathizers in the United States."

Conference sponsors have denied the State Department's contention that the New York rally will be turned into a forum for spreading communist propaganda.

State Department officials explained their exclusion stand this way:

"The aliens who were coming here as official representatives of their governments were not excluded under the immigration law unless this government should decline to receive them."

House Group OK's ERP Aid Trimmed By \$200 Million

Washington, March 22—(AP)—The House foreign affairs committee tonight approved continuation of the European Recovery Program but it trimmed \$200,000,000 off the amount which may be provided through July 1, 1950.

But the committee also approved a "bookkeeping" transaction which would attempt to encourage American investments in projects to promote European recovery. It estimated that actually the bill it okayed is more than the administration wanted in the way of assistance for other nations.

Chairman Kee (D-W Va) said he will seek House action as soon as possible. A deadline is coming up on April 2. That is the date on which the Economic Cooperation Administration is permitted to complete allocation of all funds it now has available.

Defying J. L. Lewis, Senate OKs Boyd As Mine Director

Washington, March 22—(AP)—Defying John L. Lewis' opposition, the Senate tonight confirmed Dr. James Boyd as director of the Bureau of Mines.

The vote was 50 to 11.

It was partly in protest against appointment by President Truman, that Lewis last week called more than 425,000 miners out of the pits for two weeks. That action resulted in the shut down of practically all mines east of the Mississippi, with the subsequent lay-off of over 70,000 railway workers.

The Senate vote was the second reversal for Lewis, head of the United Mine Workers. On the first day of the walkout March 14, the Senate Interior committee voted 10 to 1 for confirming Boyd.

Boyd was first nominated for the federal job two years ago but the 80th congress did not act on the appointment. He has been serving without pay since December, 1947.

PEGGY RYAN GETS DIVORCE
Los Angeles, March 22—(AP)—Actress Peggy Ryan was granted a divorce today after she told the judge that her husband, Actor Jimmy Cross, "was completely domineering and tried to run my career."

She has no known survivors.

FORMER SLAVE, 108, DIES IN JOLIET

Joliet, Ill., March 22—(AP)—Mrs. Mary Booker, who claimed to be 108 years old and a former slave, died today in St. Joseph's hospital where she had been a patient for more than four years.

Mrs. Booker, a negress, listed the date of her birth as May 6, 1840. She claimed to have been 21 and a slave when the Civil war began. She was born in Virginia and formerly lived in Richmond.

She has no known survivors.

GOP Attack Stevenson On School Aid, Budget

Springfield, Ill., March 22—(AP)—Illinois Republican legislators fired their first major blast of the session at Democratic Gov. Adlai E. Stevenson today, criticizing him on school aid and the state budget.

The GOP attack, made in both the House and Senate, brought democratic replies that it was politically inspired and "unjust."

In the House, Republican minority members announced after a conference they are going to push for approval of a \$123,000,000 state school aid program, which Stevenson says would "wreck the state budget."

In the other chamber, Senator T. MacDonnell (R-Macomb) said legislative business is clogged because the governor "has not yet given us a fiscal budget scheme by which we can work."

Senator William Connors of Chicago, Democratic leader, urged the GOP dominated Senate to "be fair" with the governor.

"He's doing a good job and is

Wabash Railroad Strike Ended; Will Start Runs Today

St. Louis, March 22—(AP)—A strike that halted operation of the Wabash railroad for a week ended late today.

The 3,500 operating employees on strike were ordered by their four brotherhoods to return to their jobs immediately pending further talks with the company. The railroad also called on some 8,500 non-operating employees to return to work. They had been laid off as a result of the strike.

Arthur K. Atkinson, Wabash president, said the workers began returning to their jobs promptly. He said no trains could be put into operation before tomorrow.

Freight trains will begin moving first, he explained—probably tomorrow morning, and some passenger trains by tomorrow afternoon.

The railroad expected to restore complete service by Thursday.

The back-to-work order was announced in a report by company and union officials to an emergency fact-finding board appointed by President Truman. The board promptly approved the arrangement. Wages were not involved.

Saw Mrs. Danks Alive At Janes' Home On Last Day

Chicago, March 22—(AP)—An assistant prosecutor said today a 17-year-old girl has told him she saw Mrs. Roberta Danks alive at the home of Mrs. Olive Jones 15 hours before Mrs. Danks body was found.

Mrs. Jones, a 40-year-old housewife, is charged with murdering Mrs. Danks by abortion. Police say she has told them she helped perform 60 to 80 abortions, including one operation on Mrs. Danks, in the basement of her home.

Mrs. Danks, widow of an army flier, was found dead Feb. 17 on a lonely road near Chesterton, Ind. authorities said she died of peritonitis after an abortion but her body indicated it had been run over by an automobile, possibly to disguise the cause of death.

Nathan Kinnally, assistant state's attorney, said the 17-year-old girl told him she saw Mrs. Danks in bed at the Janes home at 2:30 p.m. Feb. 16. The girl, whose name was withheld, was quoted as saying she also had undergone an operation at the Janes home.

Kinnally said Mrs. Jones, in a statement last Thursday, told him Mrs. Danks had left her home Feb. 14, two days before she was found dead. Mrs. Jones has been held for the grand jury and may not be questioned further, he said.

Attorneys Of Reds Charge Mistrial On Judge's Actions

New York, March 22—(AP)—Attorneys for 11 high U. S. Communists moved for a mistrial today because of the judge's actions while addressing the jury for the conspiracy trial.

Judge Harold R. Medina promptly denied the motion, smiled and told the defense:

"I want you gentlemen to know that when I scratch my head, I'm just scratching my head. I have a habit of doing that, and I'm not going to stop just because of your remarks."

Several of the attorneys joined in the motion after the judge had addressed the jury briefly at the conclusion of opening statements by defense counsel.

Harry Sacher, one of the lawyers, said "I have sat here and watched your honor scratch his head, pull his ears and do other things which have had the effect of negating what we say."

Texas House Bans Reds From Schools

Austin, Tex., March 22—(AP)—The Texas House of Representatives today voted 139-0 to throw out all communists in state-supported colleges and universities.

The resolution by Reps. Sam Hanna of Dallas and Preston Smith of Lubbock must be approved by the Senate to become effective.

It empowers and instructs presidents of all state-supported schools of higher learning to investigate and expel students who are avowed communists. Hanna said that included any teachers, too.

Russians Invite Western Berliners To Spend Marks

Berlin, March 22—(AP)—The Russians posed today as benefactors of western Berlin in the currency war. They invited western Berliners to visit the Soviet part of town to spend their east marks, newly outlawed in the United States, British and French sectors. Some western Berliners did.

Communist editors played up the offer with such headlines as "no Soviet counter measures at the expense of the population" and "Berliners get help."

This is the population the Russians have been blockading for nearly a year. U. S. financial experts said that, concealed by the propaganda, was the fact the Russians could not retaliate without hurting the Soviet zone more than western Berlin.

A. J. Warner, financial expert for the American military government, said the cost of any reprisal such as printing new Soviet zone currency would be exorbitant.

American officials reasoned that if the Soviets revised their money to block the movement of east marks from the western sectors, it would inconvenience 20,000,000 Germans in the Soviet zone, as against 2,400,000 western Berliners.

The Russian promise was announced by Col. Alexander Jeliazarov, the acting Soviet commandant of Berlin. It means western Berliners can convert their west marks into east marks at a profit and spend them in Soviet-occupied territory.

3 Bills To Outlaw Communism Pass Illinois Senate

Springfield, Ill., March 22—(AP)—Three bills designed to outlaw communism in Illinois were approved today by the State Senate and sent to the House.

However, the Senate refused to pass a fourth bill which would make it mandatory for organizations of 20 or more members that require a secret oath to file a roster of membership with the secretary of state.

The Broyles' anti-communist bills were drawn up by a legislative commission which investigated seditious activities in Illinois for 18 months.

The main bill would outlaw the communist party in the state. Any one belonging to a communist organization would be guilty of a felony and subject to one to five years in prison.

The other would require loyalty oaths from teachers and all other public employees and bar any member of a subversive group from holding public office.

All were drafted by a 1947 legislative commission which investigated seditious activities.

The bills were strongly backed by the American Legion.

Charles Taft Says Social Reformers Not Communists

Evanston, Ill., March 22—(AP)—Charles P. Taft, Protestant church leader, said today it is wrong to call Christian reformers "communists" because they advocate social reforms.

The former president of the Federal council of the Churches of Christ in America told American members of the world council of churches:

"Christians will never accept unquestionable obedience to the state and its propaganda line, or close their eyes to its ruthless methods. So the churches cannot be communists."

But neither is it necessary to stand for evils in capitalism just because you think, as I do, that the modified, regulated capitalist system is the best yet devised."

Taft, of Cincinnati, a brother of Senator Taft (R-Ohio), said "the alternative is certainly not socialism."

The delegates to today's Protestant conference adopted four parts of a program proposed to break the communism vs. capitalism controversy through development of what they call "a responsible society."

Foreign Minister Asks Denmark To Join Defense Pact

Copenhagen, Denmark, March 22—(AP)—Denmark must choose between joining the North Atlantic treaty "or being left in isolation, without any real means of defense," Foreign Minister Gustav Rasmussen said today.

He asked parliament to authorize the government to ratify the treaty after the signing in Washington next month. The lower house opened debate on the government's decision to join.

As Rasmussen spoke, young people picked identified as members of the communist youth organization hurled down hundreds of leaflets from the house gallery. These carried such slogans as "youth says no" and "we do not want to die for Wall Street." Police arrested five of them.

WIFE SENDS HIM PAWN TICKET FOR RING

London, March 22—(AP)—Lawrence L. Taylor testified today his wife sent him a pawn ticket for her wedding ring with this note:

"Here's the receipt for your band of misery."

He won a divorce on grounds of desertion and misconduct.

The court commented that Mrs. Taylor's behavior "far exceeded the ordinary wear and tear of married life."

House Changes Mind On Killing Vet Pension

Senate Approves Local Option' Rent Controls

Washington, March 22—(AP)—The senate tonight approved 45-35 an administration-opposed plan to let cities and towns remove rent controls with approval of their state governors.

Democratic leaders fought the amendment to the senate rent control bill on the ground it would "wreck" the entire control program.

The amendment was offered by Senator Fulbright (D-Ark.)

Fulbright said the purpose of the amendment is to permit municipalities to take action where a legislature is not in session to enact a statewide law to drop or take over controls from the government.

The vote split party lines and came after Senator Humphrey (D-Minn.) shouted:

"Let no one think this amendment strengthens rent controls. It weakens rent controls."

Senator Lucas (D-Ill.), majority floor leader, and Senator Sparkman (D-Ala.), chairman of the group which prepared the senate bill, led the fight against Fulbright's amendment.

But the majority opinion of the senate was that rent controls should be dropped to the town and city level—when a governor approves the action of a municipality.

Earlier the administration had counted a partial victory when the senate refused to remove from the

Polish Commies Stage Anti-Church Demonstrations

Warsaw, March 22—(AP)—The uneasy peace between church and state in Poland edged closer to a showdown today. Communist-directed industrial workers staged anti-Catholic demonstrations.

Rallies attended by tens of thousands of members of the Communist-controlled United Workers party throughout Poland denounced Catholic clergymen who talk against the government. The demonstrations approved resolutions warning the Catholic clergy to keep out of politics and assailed what was termed "the Vatican's anti-Polish attitude."

There was only cold silence from the church, which in Poland has been following a "wait and see" policy.

The rally resolutions backed the government's recent declaration that certain sections of the Catholic hierarchy must end their "hostile acts" before conflicts between the church and state can be settled.

Sentence Man For Killing Teen Age Eau Claire Couple

Eau Claire, Wis., March 22—(AP)—Marshall Johnson, 32, was sentenced today to consecutive life terms at Waupun state prison after pleading guilty to two counts of first degree murder in the deaths of a teen age couple last fall.

In imposing sentence Circuit Judge Clarence Reinhard said that if Wisconsin had capital punishment "this would be an appropriate time to invoke it."

The bullet-riddled bodies of Raymond Smith, 18, and his companion, Gertrude Baumann, 17, were found last fall on a golf course after they had gone on a hike. Johnson was arrested at Seattle, Wash., several days later.

At the time the bodies were discovered, Coroner Wallace Stokes reported the girl had been raped. However, no rape charges were filed against Johnson.

BRITISH COP HELPS MOUSE ACROSS STREET

London, March 22—(AP)—A mouse picked its way along the curb at busy Fenchurch street today, stopped at the feet of a policeman and looked up appealingly.

The Bobbie halted the stream of cars and escorted the mouse to the other side of the street.

The mouse went about its business. The flow of traffic resumed.

Asks \$65 Ceiling Be Put On Illinois Pensions

Springfield, Ill., March 22—(AP)—Governor Stevenson reiterated today on his proposal to remove the ceiling entirely from old age and blind pension payments.

Bowing to opposition, he asked the legislature to put a ceiling of \$65 a month on the awards, instead of the present \$50 limit.

Stevenson said he still prefers to base assistance on need alone without a top but conceded that the legislature wants to retain a ceiling.

House minority Republicans recently objected to lifting the ceiling. They contended it would give the Illinois Public Aid Commission a blank check in figuring grants.

Some Republicans have offered bills to increase the maximum payments to \$75 a month.

Amendments inserting the \$65 provision were approved by the House today and the bill was advanced for passage vote in the near future.

After 5 Hour Debate, Bill Is Unchanged

Washington, March 22—(AP)—The fate of the Rankin multi-billion dollar veterans pension bill was still up in the air tonight after the house voted yes and then no on a proposal to kill it.

The "yes" vote was off-the-record; the "no" vote was on a roll call, on which members are recorded publicly.

After five hours of debate and maneuvering, the issue remained unchanged. But the legislative footwork left the house rather breathless from skipping back and forth on both sides of the question.

Will Vote Today
The results was that the chamber put off until tomorrow a final vote on what to do about veterans pensions.

The controversy centers around a bill by Rep. Rankin (D-Miss.) to give veterans of both World Wars \$90 a month when they reach age 65, regardless of need or disability. Under his measure the only eligibility requirement would be 90 days service in either of the two World Wars and a discharge other than dishonorable.

The administration opposes the Rankin bill which it says would cost \$125,000,000,000 in the first 50 years, with the annual cost rising to \$4,000,000,000 by the year 2000.

So after this measure was put up for debate today Democratic leaders sought to scuttle it, with the following results:

Try To Scuttle Bill
1. Rep. Carroll (D-Col.) moved to strike out the enacting clause—the key part of a bill which would put it into effect if approved.

The members then marched by the tellers' desks, with 163 lined up on the yes side and 154 on the other. On such votes there is no tabulation of how each member casts his ballot.

2. Carroll then offered a motion to send the bill back to the veterans committee for further study.

This time a roll-call vote was held and in the ensuing reshuffle, 223 members voted against recommitment and 187 voted for it.

3. The Rankin bill's backers then called for a roll-call showdown on the first teller vote to strike out the enacting clause.

Again there was a flurry of side-swapping. When all the names had been called—and put on the record—291 had voted against the first Carroll motion and 120 for it, thus reversing the earlier non-recorded tally.

Finally, the House got around to a fourth vote of the day—this one by voice only. It approved an amendment to make an honorable discharge a requirement for pension eligibility. Then it put off all further consideration of the measure until tomorrow.

National Farmers Union Denounces Atlantic Alliance

Denver, March 22—(AP)—The North Atlantic pact was denounced today as "directly contrary to American precedent and history" by the board of directors of the National Farmers Union.

Farm delegates from 35 states attending a semi-annual board meeting here approved a resolution calling the pact a "futile gesture."

"There are very disturbing elements in our government's foreign policy," board members said in a prepared statement. "The most alarming is the proposal for a North Atlantic security treaty, obviously to be followed by extensive arms aid to Europe. We cannot approve such a course."

The union's board did voice approval to four administration actions.

These were listed as installation of Dean Acheson as secretary of state, removal of James Forrestal as secretary of defense, President Truman's refusal to approve an increased military budget and "partial success" of the peaceful aims of the European recovery program.

FOR THOUSANDS of years suffering, on advice of doctors, go to mineral springs to get cure, or relief. The late President Roosevelt used to go to Mineral Springs in Georgia. He was helped or would not have gone there twice a year.

WE HAVE all heard of the miraculous springs of Lourdes, France, and famous Thion in ancient Greece, where, according to legend, Hercules, the god of strength, youth, drank its waters and bathed to be forever young.

IF YOU ARE a sufferer, and can not go to the mineral springs, try **GEO-MINERAL**, which contains a blend of the same minerals that can be found at the world's best springs. The minerals in it may work miracles.

Amazing Results
WATCH your elimination from your bowels two or three days after you start using **GEO-MINERAL**. The waste, black as coal, will break away and you will SEE it! Also examine your urine. You may see impurities—poisonous waste—coming out of your kidneys, and feel the relief. Be sure to watch for all this to realize its priceless value.

MEDICAL records show 65% of men and women over 35 suffer from nutritional mineral-iron anemia. When you feel nervous, dull, tired, lazy, have dizzy spells, no ambition to work or play, a poor appetite when your eyes lack that bright spark and your mind brilliance, when headaches get the best of you, and you feel old before your time, and life seems not worth living, with worry wearing you down—it may be simply lack of minerals in your blood. **GEO-MINERAL**—1 bottle \$1.10, 6 for \$6.00. **WARGA'S DRUG, JACKSONVILLE, ILL.**

Mail Orders to Above Address—Add 10c for Postage.

"We have sold **GEO-MINERAL** for the last six months and it has been one of the best selling drug items we have ever handled."—**Porter Bros.**, pharmacists of Concord, N. C. "Users report amazing results in many instances, and we personally believe **GEO-MINERAL** is a good medicine for purposes as indicated, and recommend it to sufferers who have tried other medicines with little if any results. They may discover that **GEO-MINERAL** is what they have probably been needing and looking for—we unhesitatingly recommend it."

100% Guaranteed!
WE URGE everyone to try **GEO-MINERAL**. Do not hesitate one moment. Go to your drug store now. Get one bottle. Use it one week. If you are not 100 per cent satisfied, we will refund your money.

REGARDLESS of how long you have been suffering, and how many medicines you have tried before, **GEO-MINERAL** may be the remedy you need. **TRY it today!** It may do wonders for you—and be the best investment for your health. Make you feel, eat, sleep, work and enjoy life better.

Fire Protection Is Voted By Township

Voters of Woodson township on Saturday voted for the organization of a fire protection district, the first of its kind in Morgan county. The vote was 29 for and 17 against the proposition to form a fire protection district in territory which includes the Village of Woodson and surrounding areas. The polling place was at the LaCrosse Lumber Co. building in Woodson.

The success of the proposition at the polls is expected to be followed by the appointment of trustees by the county judge, who will be authorized to set up an alarm system, organize a fire-fighting crew, and purchase equipment. Cost of the fire protection equipment will be met by taxation in the newly formed district.

Fifty petitioners called for the election. The fire protection district is sponsored by the Woodson Men's club. Harry G. Story of this city is attorney for the petitioners.

Partition Room At City Hall For County Physician

An emergency operating room for the county physician has been partitioned off at the city hall. The room will be used by Dr. T. O. Hardisty for minor surgery and treatment that does not require hospitalization. Alderman Flynn of the city hall committee announced the completion of the new room Monday night at the council meeting. He said the space has been partitioned off in a hallway between the police and fire stations.

The need for an emergency room at the city hall has been recognized for several years. The county physician will have storage space for instruments and other equipment that in the past he carried to and from the city hall.

July 17 Set As Date For Soap Box Derby

Preliminary plans for the 1949 All-American Soap Box Derby were developed in a special session held Monday night following the regular Exchange club meeting, at which time July 17 was set as the date for the Jacksonville race. The race will be held on July 24 in the event of rain.

The Derby is staged by the Exchange club, which handles numerous details in arranging for the event. The sponsors are the Cornbelt Chevrolet company and the Jacksonville Journal Courier.

Entries are already being accepted. Boys planning to compete in this annual event are urged to register as soon as possible and to get underway with the construction of their cars.

Registration Held Daily
Registration is held daily at the Cornbelt Chevrolet company. Any boy between the ages of 11 and 15 is eligible to enter. He must be accompanied by one parent at the time he makes his application.

The applicant will receive his official 1949 rule book, along with a construction sheet, showing exactly how to build a super Soap Box racer. This material is also available at the Journal Courier.

The construction sheet shows a step-by-step method in building a racer designed to conform with Derby specifications and tested under actual racing conditions at Derby Downs.

As usual, many valuable prizes are offered for the winners of the local race, with an all-expense trip to Akron, Ohio, and a chance to compete in the 1949 national finals at Akron on Aug. 14 as the award for the boy who comes in first.

Charles Henske has been appointed by the Exchange club to serve as general chairman of this year's Derby. The assistant chairman is Wayne Anderson.

The Exchange club committees will be appointed in the near future.

Sponsors Meet With Board
Members of the Exchange club board of control, Clyde Fitch, William Hudson, Larry Omundson, Bud Boruff, Jay Hamilton and Cecil Ford were present at the meeting Monday evening, as were the sponsors, Frank Goin of the Cornbelt Chevrolet company and Robert A. Fay of the Journal Courier.

A discussion of the Taft-Hartley Act by three MacMurray college students was the highlight of the program at the club's regular dinner meeting, at 6:30 p. m. Henry Buesche was the program chairman and the girls were introduced by Dr. Victor Sheppard.

TO ENTERTAIN GROUP 5
Group 5 of the Women's Council of Central Christian church, of which Mrs. Fay Daniel is leader, will meet Thursday at 2:30 p. m. with Mrs. May Colwell, 623 West Beecher avenue.

Reds Snap Winning Streak Of Cards With 8 To 5 Win

Tampa, Fla., March 22—(P)—The Cincinnati Reds nipped Harry "The Cat" Brecheen for four runs in the first two innings today and went on to defeat the St. Louis Cardinals, 8-5, ending the Red Birds' six-game winning streak.

Two Redleg rookies, center fielder Lloyd Merriam and second sacker Johnny Lane, sparked the attack, driving in two runs each. Merriam socked a two-run homer in the first inning and Lane rapped a long double in the second, also good for two counts.

Kentucky Whips Illini 76-47 To Take NCAA; Villanova Beats Yale

New York, March 22—(P)—Kentucky's powerful Wildcats breezed to their second straight eastern N.C.A.A. basketball title tonight with an amazingly simple 76-47 conquest of Illinois.

The southeastern conference champions, who failed dismally in their first post-season tournament test only a week ago, toyed with the outclassed Big Nine kings from Champaign, Ill.

It was the first time this season that the Kentucky club had flashed the form expected of it in New York. All-American Alex Groza of Kentucky topped the scorers for both clubs with 27 points.

The contest drew a crowd of 15,126 to Madison Square Garden.

Kentucky now will play Oklahoma A&M in the east-west final at Seattle on Saturday.

Illinois gamely stayed with the Wildcats through the first five minutes, but from then on it didn't have a chance.

The Big Nine team never was able to penetrate the stone wall inner defenses thrown up by Kentucky. To make a basket Illinois had to rely mainly upon long set shots and their long shot shooting generally was below par.

Walt Kersulis picked up nine points to lead the under-manned Illini scoring punch.

Kentucky spent most of the second half trying to entertain the fans with spectacular behind-the-back passing and flashy floor work. There seemed little doubt that it could have added another 25 points under pressure.

The winners tried 78 shots and made 31, an average of 35.2 percent. Illinois fired 75 times, hit 19 for 25.3.

Illini's inability to stop Groza was one of its many difficulties. Wally Osterkorn, its regular center, fouled out in the first two minutes of the second half after his vain efforts to hold the big Kentucky pivot man in check.

The Illini also will make the trip to Seattle meeting Oregon State, western N.C.A.A. runnerup, in a pre-

Phillies Outgun Red Sox 9 To 7

Clearwater, Fla., March 22—(P)—The Philadelphia Phillies piled up seven runs in the first inning and went on to defeat a combination composed largely of Boston Red Sox second stringers 9-7 today.

Stan Lopata hit a four-run homer off Mickey Harris in the first inning uprising and Bill Nicholson's round tripper accounted for two more in the fifth.

Bob Carpenter, president of the Phillies, offered to refund admission prices to anyone dissatisfied when the Sox showed up with Johnny Pesky the only member of the varsity on hand.

About 25 of the fans asked for refunds, leaving 1,698 paying guests in the park. Manager Joe McCarthy of the Red Sox explained that his regulars needed a day of rest.

Hal Newhouser worked the first six innings for the Tigers and rookie right-hander Marlin Stuart finished up. Bob Porterfield, Albe Reynolds, Paul Hinrichs and Dave Madison toiled for the Yanks.

ROGER THE LODGER

By Elizabeth R. Roberts

COPYRIGHT BY GREENBERG; PUBLISHER DISTRIBUTED BY NEA SERVICE, INC.

THE STORY: In the city of Great Falls, Mont., early in the war, Mr. and Mrs. Roberts, who have a son in the Navy, also have a house larger than they need. Although the Roberts do not want to take in lodgers, Mrs. Roberts unwittingly remarks in public that a single man wouldn't be much bother. As a result young Sergeant Phillips comes to their door in search of a home.

HE greeted me heartily and, I must say, made me feel very welcome. I have had a bad habit of humming when I'm nervous or worried; I caught myself breaking into snatches of *The Sheik of Araby*.

Rob, having hung up the army coat and cap, led us toward the garden room; made signs to me to open the bar and officiate. A couple of highballs later, the subject of the room raised its head. "What!" exclaimed the champion of Roberts' house for Roberts. "You mean you're having to choose between a cot in an ice arena, or a hotel room at your own expense? Not enough barracks on the Field? What kind of an army is this? I don't see how a soldier can afford to put himself up in town."

"He can't," the sergeant said. "At least, I can't."

With my own two ears I heard Rob say, "Dear, I think you ought to offer Phillips either Bill's room or the guest room."

Not only did I offer him either Bill's room or the guest room, but also, feeling like an ingratiating puppy who offers his master a not very good bone and then runs around in circles trying to make up for it, I told him that our maid's apartment in the basement was empty. In another skirmish around the circle, I added that I thought twenty-five dollars a month would be sufficient rent for it. I had suggested thirty dollars as the price of either Bill's room or the guest room with connecting bath.

On the tour of inspection the sergeant noted the tub in the maid's bathroom, said the shower upstairs would be wasted on him since he preferred to soak. "There's a tub, too," I said, thinking he might have overlooked it and being unable to imagine so airy a gentleman content in a basement.

"All in all," he said, "this apartment suits me. I like having a sitting room." With a bow to us, he went on, "I'm a homebody, yet I couldn't think of inflicting myself on your gracious hospitality. Yes, a sitting room, bedroom, and bath of my own will make me very comfortable indeed and I shall feel that I have not invaded your privacy as I might, were I to move into your upstairs."

"Don't let that hold you back," Robbie urged. "In a Colonial house with central heating, and a shingle on your own side, Lee and I have our suite on the west side. It wouldn't bother us a bit to have you on the east side."

"Thank you," the sergeant said, "I still think I shall refuse to permit myself to risk becoming a nuisance. . . ."

"As you wish," "Roger."

TWENTY minutes later, in a borrowed car, the sergeant moved in—foot locker, valise, and suitcase bag.

Robbie and I were at a loss to know what, if any, our next move should be. Remembering those tray breakfasts in New Orleans, first off I apologized for having no cook. "Think nothing of it," the sergeant said, "I take only black coffee and orange juice in the mornings, anyway."

"Oh, I could manage that. I'll fix you a tray to keep in your room. Could you work a silex?"

"Roger."

"With an orange squeezer and a glass and a cup and saucer and a knife and spoon—oh, and a strainer—you can get your breakfast any time you want it." I also added the oranges and coffee to the setup.

The sergeant smiled at me indulgently. "We aren't used to doubling up," he said. "If you could find me a house like this I'd settle for that."

It was a Saturday afternoon and five-thirty. Rob said, "The poor devil must feel pretty strange moving in on us like this. He's such a modest fellow. Call down dear, and ask him up for a drink."

"We're going out to dinner—" "Sure. But we've got to break the ice."

"Whoo-hoo, Sergeant!" I dutifully called. Respectfully, too. I was now a rooming-house keeper and I knew my place.

A split second later—it's a short flight of stairs from the basement to the side entry, which also leads to the garden room—stretched out in comfortable chairs, we began to get acquainted. "You're married," Robbie said, though it was more of a question.

"Yes," with a sigh. We were impressed by the weight of his responsibilities. "I have two children. Twins."

"Where is your family?" I asked, trying to show proper interest yet not sound nosy, as I had heard rooming-house keepers reputed to be.

"Baltimore."

"Oh, Baltimore's your home?" "No, Trenton is our home." He smiled a wry smile. "Our furniture's stored there." There was a pause while he reflected on that. Then he added, "Mary's visiting friends."

IN spite of myself I exclaimed, "Visiting! And with two little children!"

The sergeant shrugged his shoulders. "C'est la guerre," he said. "If I should hear of a little house or apartment—" I began.

"Not too little," he interrupted. "Remember, there are four of us."

"Couldn't you double up and manage? A place of your own where you could all be together seems so much more desirable to me." I went on, bound to be helpful. "I might hear of something like that."

The sergeant smiled at me indulgently. "We aren't used to doubling up," he said. "If you could find me a house like this one, I'd settle for that."

The absurdity of an army sergeant who was unable to afford even a room in a hotel announcing that he would settle for a house like ours must have penetrated Phillips' consciousness, too, for he quickly dropped his high-flung phrases and, with embarrassingly uninhibited candor, told us something of his background. He'd always wanted to live in an attractive house, he told us, but he never had.

Display MacMurray Student Art Exhibit At Strawn Gallery

The MacMurray College student art exhibit now on display at Strawn gallery in Jacksonville contains much of interest to both connoisseurs and laymen. Besides completed drawings, paintings, and other works, there are exercises, studies in line, color and texture, composition analyses, and many other examples in various media which, taken all together, give a rather comprehensive view of a well-planned program of art instruction in which some talented students are being developed.

Winchester Club To Enter National Community Drive

Winchester—The March Assembly meeting of the Winchester Woman's club was held Monday evening in the American Legion home. The president, Mrs. Oren Robertson presided over the business session.

Mrs. Mary Murphy was welcomed as a new member of the club. The Evening Educational department. It was voted to enter the Winchester Club project of beautifying Monument Park in the "Building a Better Community" national contest. The proposed Youth Recreation program for the boys and girls of Winchester was discussed and the club voted to give one hundred dollars toward the project.

Mrs. Robertson announced that the ground breaking ceremony for the Federation cottage of the Trail Rangers would take place Wednesday, March 23, and all members are invited to attend.

Following the business session Supt. M. F. Fullmer gave a very interesting talk on Scott County School District No. 1. His talk was illustrated by some splendid colored slides. The pictures included maps showing the location of the schools, some of the buildings, the pupils in their school rooms, at lunch and at play. The club members appreciated the opportunity of becoming better acquainted with their schools.

At the close of the meeting home-made cookies and coffee were served to the committee, Mrs. L. F. Hieronymus, Mrs. Lyndell Dietler, Mrs. J. E. Markille and Mrs. William Wilsey. The meeting was sponsored by the Evening Educational department.

Thousands Of Churches United In Campaign For Europe's Needy

Seventy-six thousand churches throughout the nation, representing every major Christian denomination and communion, will participate in one great offering for one great cause, Sunday, March 27.

Thought to be the greatest single promotion campaign ever carried out by any church, the purpose of the offering is to rebuild the spiritual and material world of all men, women and children in war torn countries of Europe and Asia and to show these people that Christians of America care for them as individuals. Funds raised will be administered through the regular overseas and rehabilitation channels of each denomination and communion. They will help to rebuild and strengthen the Christian ministry, offer material aid where it is most urgently needed, rebuild churches, schools, homes for orphans and aged, help the churches in their work of caring for, ministering to and relocating the tens of thousands of displaced persons.

"One Great Hour" This inter-denominational promotion will culminate on Saturday evening, March 26, with a nationwide radio program, "One Great Hour," which will be broadcast for the churches of America by the contribution of the full networks of C.B.S. and N.B.L. from 9 to 10 p.m. Central Standard Time.

"One Great Hour," written under the direction of the great playwright and author, Robert Sherwood, and by Erik Barnouw, national president of the Radio Writers' Guild, will dramatize the greatest need of the people in Europe and Asia for food, medicine and clothing, and, even more important, the great hunger of these people for the Christian faith and strength that will help them to rebuild a war-torn world. This drama will be brought to life by great stars of stage, screen and radio who have offered their talents to this project.

Urgent Sacrificial Giving "One Great Hour" will close with an appeal from the churches in America to the American people to go to church on Sunday morning, March 27, and make there a truly sacrificial gift which will be received in the name of Christ for all humanity.

It is hoped that this one great united offering in 76,000 churches on Sunday morning, March 27, will enable each participating denomination and communion to carry forward its world relief work for an entire year.

The fund for the proposed Passavant Memorial Area hospital was boosted to \$325,372 Tuesday, when reports from the township areas were submitted at a noon meeting held at the Dunlap hotel.

Reports were heard from the townships in Morgan county, as well as those of Bluffs, Winchester, Roodhouse, Arenzville and Virginia, where for the past few weeks workers have energetically devoted much of their time and efforts in the campaign to raise funds for the new area hospital.

The combined total represented by the reports amounted to \$25,364. Included in the reports were Bluffs, \$2,000; Roodhouse, \$2,645; Winchester, \$3,092; and Arenzville, \$500. Foundation gifts amounted to \$14,186. No report was available from Meredosia.

"Systematically setting aside some time every day between now and March 30, the closing day of the campaign, will produce the required results. Unless this is done, we cannot succeed."

Mr. Brockhouse announced that a committee of citizens had been formed in Arenzville this week to further the campaign there. Names of the committee will be made public later.

He described the fine work being done in Roodhouse, Winchester, Bluffs and Virginia, and predicted "a surprise when final figures are released because they will indicate what our awakened area feels about this urgent need for a new hospital and that we are just as insistent as any citizen of Jacksonville in having this need met properly."

The Rev. C. F. Janssen, pastor of Northminster Presbyterian church, pronounced the invocation.
